### I Can Tell

'I Can Tell' is a school and community-based program for Pre-K through 5th graders, aimed at reducing child sexual abuse. This 30-minute program breaks down secrecy around abuse by teaching children that they can tell an adult if they are feeling unsafe.

### Stewards of Children

Stewards of Children is a trauma and evidence-informed training that teaches adults to prevent, recognize, and react responsibly to child sexual abuse. Through the lived experience of survivors and the testimony of experts, Stewards of Children teaches adults practical actions they can take to reduce instances of child sexual abuse in their organizations, families, and communities.

### Goals

1. To reduce childhood sexual abuse through early identification and reporting.
2. Empower children to tell trusted adults when they feel unsafe.
3. Teach children how to identify abuse.

### Did you know?

Statistics show that roughly 1 in 10 children will be sexually abused before they are eighteen years old, and of those victimized only about 38% choose to disclose that they have been sexually abused. One of the primary barriers to children reporting sexual abuse is fear. During this program, we empower children to speak out about their abuse, lessening that fear.
